Piet

EN Piet bench is a universal urban element with a simple and timeless design. Its generous proportions and its great depth seat, take it beyond an element of street furniture. A concrete body conceived to settle onto the landscape. It comes in two formats: 220 x 80 cm (S model) and 295 x 80 cm (L model); both 45 cm high. Its installation consists of simply supporting it on the ground, despite it has also fixing bolts in the base, in case of needing an extra fixation.

Piet

EN - Colored in mass reinforced concrete, with etched and waterproofed finish.

Piet S: 220 x 80 x 45, 685kg.

Piet L: 295 x 80 x 45, 860kg.

Material:

High quality concrete HA 30 B20 IIA, acid etched and waterproofed. Cement: PORTLAND cement (BL II/A-LL 52,5 R) and GRIFFI cement (BL II/A-LL 52,5 R). Aggregates: Aggregates of marble, granite, with selected granulometry. With guarantees and certificates CEE and ISO9001: 2000 SIMO. Water: drinking water, which does not contain impurities or suspended organic components that can affect the quality of concrete such as structural concrete. Armed: steel welded with corrugated steel mesh B500 S (UNE3092).

Surface finish:

Acid etching, leaving the aggregates on the surface and waterproofed. With anti-graffiti coating. Colors available according to color chart.

Installation:

The installation is simply supported on the ground. All the models have M12 threaded bolts in the base, for screwing M12 bar in case of needing an extra fixation. Bars would be previously inserted in a pavement hole and filled with epoxy resin or quick cement. Bars are not included if it is not specified in the order. Handling with long polyester slings. Handling with long polyester slings.

Maintenance:

Maintenance is not required. The hydrophobic anti-graffiti coating also prevents dirt adhering to the surface. To clean the surface and removing graffiti type paintings, use high-pressure hot water. For this purpose, concrete admits the use of any type of industrial spraying device.

Packaging:

Piet S: one piece per pallet

220 x 80 x 45, 685kg.

Piet L: one piece per pallet

295 x 80 x 45, 860kg.
